

# REPORT

**INTRODUCTION;** The report is prepared by MUHAMMAD ALI regarding a trip to AL ASAR ACADEMY

**ABOUT ACADEMY;** It seems to be moon in the dark night and very big milestone in these conditions, especially in these backward areas and with very limited resources. The success of academy lies in proper management ,hard working, sincerity and tireless efforts. Proper system is the way of success for academy. The only missing element is professionalism and technology. Improvement in teaching techniques, healthy co-curricular activities is a way of modernization and boosting confidence level. Lack of confidence and no counseling is an obstacle for the students in discovering and showing skills.

**ABOUT VISIT AND PERCEPTION;** We have some wrong perception about the people of KPK and academy. As we heard about terrorism. Their hardworking and hospitality is appreciable and played a role in removing those perceptions. The whole trip seems to be visit to heaven. It is a source of constant joy and we enjoyed too much. Lakes of cold water, unimaginable caves and peaceful and beautiful environment is unforgettable.

**WHAT I HAVE LEARNT;** A vast experience of teaching, necessary teaching techniques, everlasting inspiration, students handling and to make them learn through fun. Time management, a key characteristic of successful personalities and other rules and boundaries. This trip is a source of mental freshness after exams. We conduct carrier guidance, confidence boosting techniques and we are become too confident as well.

**ADVICES;** Some advices are,

- Increase co-curricular activities
- Awareness of technology
- Strong and proper library and computer lab system

These advices will contribute in boosting confidence level and enhancing I.Q level

and in many different factors.

**SPECIAL THANKS;** I am very much thankful to HAJI AHMED RAZA and his team for providing such a excellent sort of learning and very much proud to be a part of HUSSAINI FOUNDATION for such a inexpressible experience.

**KHUDA-E-DAMAL**
